GRAYLING, MICHIGAN — THURSDAY, SEPTEMBER 23, 1976

From Our Corner...

Autumn, without a doubt is the most beautiful time of the year ... especially if you are fortunate, to live in northern Michigan.

We hope our readers will stop and think about the above introduction to our corner this week.

How many of you can say, I didn't complain about the snow and cold last winter, or the mud and chuck holes this spring, or those beastly hot days only a month ago?

Autumn, whether it is in your life span — or in the time of the year — evidently was put there to control the emotions of the individual.

Our reasoning? We have only been criticized two times in the last three weeks on something we did or didn't do.

Now for us, when the moon evidently is right, two times is par for the day, and not on the golf course.

The Avalanche has, and will continue as its primary purpose to promote Crawford County and Grayling, even though at times we are told to the contrary.

For those interested, T.J. and her folks spent the weekend with us, and helped celebrate the big bosses birthday Saturday. We promised not to say how many it was past one-half.

Autumn also brings brisk days and nights, multi-colored leaves, pumpkins and football —

While on the subject of football, we would like to pass on our congratulations to those responsible for promoting "Coach Bruce Smith Day" at the Homecoming this weekend.

And to Bruce and Corrine, our corner wishes you the best in your retirement.

Do You Remember?

The Bible Speaks

From Calvary Baptist Church

Who is Jesus Christ?

Almost 2000 years ago Jesus asked His disciples one of the greatest questions of all time. "Whom do men say that I the Son of man am?" Matt. 16:13b. "And they said, Some say that thou art John the Baptist; some, Elias; and others, Jeremias, or one of the prophets." Matt. 16:14. Most of the people who lived during the life of Jesus Christ on earth did not know who He was. They ate from His hand. They experienced healing miracles. They sat at His feet to learn the highest of wisdom. They cheered Him as He entered Jerusalem on a donkey, and jeered Him as He died on a cross for their sins.

During the early centuries of church history numerous sects arose denying the true identity of Jesus Christ. During the second century the Ebionites denied the reality of Christ's divine nature, making Him merely a man. About the same time the Gnostics appeared. Believing that all matter is inherently evil, they denied that Jesus Christ had a real human body. By the close of the third century Arianism arose denying the eternal pre-existence of Jesus Christ. Arius, a presbyter in Alexandria, taught that Jesus Christ was a created being, and not eternal. The Apollinarians claimed that Jesus Christ did not have a divine spirit or mind. Nestorians denied the union of the divine and human natures in one person. They made Jesus Christ to be two different persons instead of one. The Eutychians made Jesus Christ divine in both His spiritual and physical being. By mixing the divine and human natures of Christ they came up with a third nature called a "tertium quid."

What are some of the modern concepts of Jesus Christ? "Mary's conception of him was spiritual. Jesus was the offspring of Mary's self-conscious communion with God." "Christ himself was nothing more than a medium of high order."

"Jesus gave to the world fragments of teaching of value as basis for world religion, as did men like Buddha, Confucius, Pythagoras, etc." "Jesus Christ

is unique in that he is the offspring of a mortal mother and of an immortal, or resurrected and glorified, Father." "Christ is the mind of God individualized, and whoever so loses his personality as to be swallowed up in God becomes Christ Jesus or God-man." "A man so good his deluded followers took him for a god." "Christ was a master product of evolution."

The Bible says Jesus Christ is "God manifest in the flesh." I Timothy 3:16. As the eternal Word, Jesus Christ was God. John 1:1. "And the Word was made flesh, and dwelt among us, (and we beheld his glory, the glory as of the only begotten of the Father,) full of grace and truth." John 1:14. We conclude with Peter in saying, "Thou art the Christ, the Son of the living God." Matt. 16:16.

The question is still extremely relevant: Who do you say that Jesus Christ is? What effect does your answer have on your daily life? What hope does it give your soul in light of eternity? (adv.)

Open House at Jordan River Fish Hatchery

The Jordan River National Fish Hatchery is going to hold an open house. This will be on Saturday only, September 25. The hours will be from 9:30 a.m. to 6:00 p.m. This is in recognition of the National Hunting and Fishing Day which is being observed throughout the nation on the same day.

Plans are to show a color slide tape entitled "The Lake Trout Story". This will be followed by a guided tour while the 3,110,000 fish are being fed by a mechanical feeder.

The following is the time schedule for both the slide tape and the tours:

Slide Tape: 10:30 a.m., 12:30, 2:00, 3:30 and 5:00 p.m.
Tours: 11:00 a.m., 1:00, 2:30 and 4:00 p.m.

The fish will not be fed during the last guided tour, as they will have received their daily ration by that time.

The hatchery is located in Antrim County, approximately three (3) miles north of Alba, and two (2) miles west of US 131. We are at the end of Turner Road. Entrance can also be gained from the Jordan River Road. The auto gate will only be open during the Open House. There is a tan bark foot path which can be used when the gate is closed. Since the station went into production in September of 1963, it has released 40,500,000 lake trout into the Great Lakes. In addition, it has transferred 19,800,000 lake trout to other hatcheries.

Almanack

**Political subtlety ...
or the sledge**

The political campaign seems to be heating up in expected fashion as November approaches.

For example, a headline notes:

"Carter Vows to Favor Workers Over Wall Street."

Now that seems like a safe approach for the Democratic candidate for President in his obvious intent to re-forge the invincible election coalitions of social, economic and ethnic groups in the image of FDR.

When would a Democratic candidate admit right out loud that he would favor Wall Street over workers? No way, man. So Carter's home safe again.

Mrs. Gerald Ford acknowledged "a very tough campaign" in a recent interview, and she's right.

Betty Ford noted the recurrence of a non-theme — her husband's pardon of Richard Nixon — which was publicly swept under the campaign rug by the Carter campaign forces. The Democrats weren't going to campaign on the pardon, Carter had promised.

"In a subtle way," Mrs. Ford told interviewers, Carter and Walter Mondale "keep bringing up the fact that they're not going to mention the Nixon pardon. I think it's bringing up the pardon."

It sure is, Betty; but in my view, that's fair game.

For political subtlety, however, the non-theme of Nixon's pardon is a millennium ahead of the tactics of the Clare County Democratic Committee, which obviously prefers a more direct approach.

Before the August primary, the Clare Committee bought a quarter-page ad in The Clare Sentinel, urging readers to "Vote Democratic" in bold-faced capital lettered type, with this message:

"The Clare County Democratic Committee asks you to remember ... Nixon ... Agnew ... Watergate ... the wheat deal ... G. Gordon Liddy ... E. Howard Hunt ... John Mitchell ... Haldeman ... Erlichman ... Kissinger ... P.B.B. ... unemployment ... the pardon ... the plumbers ... the C.I.A. ... the F.B.I. ... the tapes ... the milk deal ... John Dean ... the sheriff ... veto veto veto ... Remember these and then vote Democratic."

That's quite a difference from the subtle technique noted by Mrs. Ford, and a considerably more honest approach, too, it seems to me.

CARD OF THANKS

I would sincerely like to thank Dr. Blaha and the whole Mercy Hospital Staff for the wonderful care and treatment given me during my stay there. A special thanks to Rev. Frye and Rev. Spencer for their visits and prayers.

Sincerely,
Mr. Harry Morse

BATS IN THE BISHOPRIC

One of the more interesting newspaper columnists around Michigan these days, in my opinion, writes strictly as a sideline. Catholic Bishop Kenneth J. Povish mixes good column writing with good soul saving, and the latter hopefully benefits from the former.

In a recent column, he told entertainingly of a problem, thus:

"The episcopal residence in Lansing is a 60-year-old house with notable class but also with some disadvantages. The latest one to show itself is that it has bats in it."

"While others in the house have killed four of them since spring, my first encounter ever with a 'flying mouse' was at 11:15 p.m. on July 26 in my study upstairs."

"You should know that both floors of this house are equipped with a tennis racket, claimed to be the best weapon against these flying creatures. With swipes that would do credit to Jimmy Connors, I brought the bat to the floor after several tries. I examined him closely, and I will say this about bats: you can have them."

"It has been a puzzle around here for years, I am told, where these bats come from. The chimney is covered securely with a screen, and there are no visible openings in roof, attic, eaves or walls."

"I consulted a pest exterminator who said there is a spray that would put the bats to sleep for good, but its use is banned by the government. Moreover, he said bats are useful to mankind because they eat vast numbers of harmful insects."

"But did you ever try to read a book with one of them flying back and forth in the room? Or try to fix supper with a bat diving around in the kitchen?"

"If anyone has any home remedies for bats, I would appreciate being told of them. Meanwhile, I think I'll take up tennis to improve my forehead stroke."

How about it, Almanack readers? Any remedies for bats? I'm sure the Bishop would appreciate ideas of any race, creed or color — sort of ecumenical bat-aid.

Incidentally, Bishop Povish lives in the same neighborhood as Gov. Milliken. You don't suppose there are bats in all the belfries in that part of town, do you?

Grand Regent To Visit Here

Grand Regent, Betty Van Heck, of the Women's Auxiliary (pictured) and her husband, Past Deputy Supreme Governor, Loyal Order of the Moose, will be guests of the Women of the Moose on October 16th. They are from Grand Rapids.

At the same time, the Deputy Grand Regent - Marion Friend, Mr. Friend, and two or three of their co-workers from Kalamazoo will also be present.

This is to celebrate "Christmas in October" for the children at Mooseheart and the elderly at Moosehaven.

The September 13th meeting was held with Sr. Regent Janice Miller presiding. All officers were present.

Sue Montgomery was enrolled. Her sponsor was Judy Ebert. Also, three girls were installed in their chairs - Jean Ann Gardiner, Social Services; Peggy Robinson, Moosehaven and Edith Tubbs, Academy of Friendship.

This being Publicity Month, our chairman, Shirley Fender, put on a real nice luncheon and we also played a few games after the meeting.

Don't forget, girls, our Grand Regent, Betty Van Heck, will be here on October 16, so check your cards to see if your dues are paid.

Fall Action Is Underway

(By Skip Madsen)

September 15th opened the small game season in northern Michigan. Ruffed grouse, squirrel and woodcock with rabbits opening the 1st of October.

Most bird hunters did very well with everyone seeing birds and many bagging a few, despite the heavy cover. Most woodcock hunters say they have been seeing quite a few and fair success for those who are able to hit them.

I haven't talked with many squirrel hunters, but there should be a lot of squirrels with the good acorn crop in some areas.

The fall fishing has really taken off this past week with the salmon in "lick" at Harrisville and everyone doing well. Salmon and Brown Trout have shown up in Grand Traverse Bay and the boats are doing well with catches of both.

The local fishermen have had a good week here with good Pike fishing on Lake Margrethe and Manistee Lake. The rivers have been producing Trout on both flies and bait.

October 1st opens archery deer season and rabbit season. The archers are looking forward to a good opener with a better than average deer herd and of course the rabbits are thick everywhere, so the best is yet to come.

Food Shopping Tips, Part of a New Program

by Merrily Baldwin, Extension Home Economist

"Too much month at the end of the money" can be a problem anytime, but it's particularly likely to happen during this month of September with children going back to school, home heating bills on the rise, and electricity being used more heavily.

So what happens? Most families begin to take a closer look at their food budget, because that's the only family expenditure that looks like it can be "budgeted". Now the Crawford County Cooperative Extension Service has a program designed just for this purpose — to help families pare dollars without paring nutrition.

"Shopping on a Shoestring" is a home-study course offered at no charge to families in Crawford County. You'll receive four weekly issues in November. Each issue features one week's menus for a family of four (can be converted to fit the size of your family), for a cost of \$55.00. In addition to the menus, you'll find recipes, shopping lists, and money-saving food buying tips.

Beginning in January, you will receive four monthly issues, each of which is chock full of budget-cutting food buying, storing, and preparing information.

To enroll in this program, simply clip the coupon below this article. Be sure to fill in all the necessary information, and mail by October 1, 1976, to the Cooperative Extension Service. Enrollments must be postmarked no later than October 1, 1976, and no telephone enrollments will be accepted.

For more information concerning this program, contact Merrily Baldwin, Extension Home Economist, P.O. Box 507, Roscommon, MI. 48653, or phone 275-5043.

The Avalanche — Your
Want Ad Paper

The successes of George Rogers Clark in the West — particularly his capture of Fort Sackville at Vincennes and Lt. Gov. Henry Hamilton of Detroit along with it — convinced the British commander at Michilimackinac that the fortification there should be moved to a safer location. The stronghold at the tip of Michigan's lower peninsula had been built by the French about 1715, and it was taken over by Great Britain in 1761.

On the way to his new assignment at Michilimackinac in the fall of 1779, Lt. Gov. Patrick Sinclair stopped at nearby Mackinac Island and that visit plus a subsequent inspection tour convinced him that it would be a much better location for the British base guarding the straits between Michigan's peninsulas. He was particularly impressed by the excellent natural harbor on the south side of the island and by a nearby hill that rose abruptly to a height of 150 feet above the surface of the water.

Sinclair believed that a fort built atop the hill would be safe from artillery fire. His view was not contested during the revolution because the rebels never came close to the fort. But during the War of 1812 a British force took the stronghold from Americans when it succeeded in mounting a cannon on a higher hill to the north of the fort. Late in that war another commander named Sinclair — Captain Arthur Sinclair of the U. S. Navy — planned to bombard the fort from the water. He failed because he couldn't elevate his guns high enough to hit the fort.

When he replaced Col. Arent de Peyster as lieutenant governor at Michilimackinac in October of 1779, Patrick Sinclair wrote to his superiors that the old fort was "incapable of being secured against any annoyance but small arms." He contended that the "island would be our place of greatest safety with even temporary works." He sent designs for the proposed construction on the island to Frederick Haldimand, governor of Quebec, and then without waiting for approval started work on the project that winter. A wharf was constructed 150 feet out in Haldimand Bay (named diplomatically by Sinclair for his superior) and a blockhouse 16 feet square was erected for protection from the bitter cold at the straits and from potential attack. By February a squad of nine men had cleared four acres on the hill where the fort was to be erected, saving the large logs for construction of the fort and also accumulating 60 cords of

firewood. For the next couple years work on the island stronghold continued, with some buildings being constructed of the timber and limestone found on the island. In addition, buildings at the old fort on the mainland were taken apart and hauled across the ice to be reconstructed on the island. These included a barracks, guardhouse and storehouse which, with a powder magazine, were the first structures to be completed within the walls of the new fortification.

The next building to be erected at Fort Mackinac was a quarters for the officers. Still standing, it and the three blockhouses of the fort which were also built during the 1780's are among the oldest structures in the Old Northwest. The stone walls of the officers' quarters range in thickness from two and a half to eight feet. During recent years the basement of the building has served as a tea room for tourists visiting the fort. Major restoration of the building, a Michigan Bicentennial project, is now underway.

At the site of the old fort at Mackinaw City, the sloop Welcome is being reconstructed as another feature of Michigan's Bicentennial observance. The original Welcome, along with the Felicity and the Hope, helped to transfer people and cargo to the new fort and also brought supplies from Detroit.

Another of the buildings transferred to the island was the Church of St. Anne. On the mainland it had stood within the walls of the fort, but on the island it was located in the traders village below the fort. Considerable construction of the new fort had already been completed before Sinclair went to the trouble of purchasing the site from the Indians. He obtained a deed for Mackinac Island on May 12, 1781, paying Chippewa Indians of the region 5,000 pounds for it.

Notice of Intent to Request Funds Release

Date: Sept. 14, 1976
Crawford County
County Building
Grayling, Michigan 49738
Telephone: Area Code (517) 348-3581.

TO ALL INTERESTED AGENCIES, GROUPS AND PERSONS:
The County of Crawford on September 27, 1976 proposes to request the U. S. Department of Housing and Urban Development to release Federal funds under Title I of the Housing and Community Development Act of 1974 (PL 93-383) to be used for the following project:

REHABILITATION OF EXISTING HOMES IN THE COMMUNITIES OF THE CITY OF GRAYLING, GRAYLING TOWNSHIP, AND THE VILLAGE OF FREDERIC.

The proposed rehabilitation financing for existing homes in the three target communities will enable qualified home owners to repair and/or replace exterior and interior features to meet minimum standards established by the BOCA Housing Code.

It has been determined that such request for release of funds will not constitute an action significantly affecting the quality of the environment, and accordingly, the County of Crawford has decided not to prepare an Environmental Impact Statement under the National Environmental Policy Act of 1969 (PL 91-190).

An Environmental Review Record respecting the within project has been made by the above named County of Crawford which documents the Environmental Review of the project and sets forth the reasons why such statement is not required. This Environmental Review Record is on file at the above address and is available for public examination and copying at the Clerk's office between the hours of 8:30 a.m. and 4:30 p.m.

The following text is in accordance with the Rules and Regulations of Section 58.30 (a) "Publication of Notice":

The County of Crawford will undertake the project described above with Block Grant Funds from the U. S. Department of Housing and Urban Development (HUD) under Title I of the Housing and Community Development Act of 1974. The County of Crawford is certifying to HUD that the County of Crawford and Mr. Fred Kauffman, in his official capacity as Chairman of the Board of Commissioners, consent to accept the jurisdiction of the Federal courts if an action is brought to enforce responsibilities in relation to Environmental Reviews, decision making and action; and that these responsibilities have been satisfied. The legal effect of the certification is that upon its approval, the County of Crawford may use the Block Grant Funds and HUD will have satisfied its responsibilities under the National Environmental Policy Act of 1969. HUD will accept an objection to its approval of the release of funds and acceptance of the certification only if it is on one of the following bases:

(a). That the certification was not in fact executed by the Chief Executive Officer of the applicant; or
(b). That applicant's Environmental Review Record for the project indicates omission of a required decision, finding, or step applicable to the project in the Environmental Review process.

Objections must be prepared and submitted in accordance with the required procedure (24 CFR Part 58), and may be addressed to HUD at the Detroit area office, First National Building, 600 Woodward Avenue, Detroit, Michigan, 48226. Objections to the release of funds on bases other than those stated above will not be considered by HUD. No objection Received after October 15, 1976 will be considered by HUD.

Mr. Fred Kauffman, Chairman
Crawford County Board of Commissioners
Grayling, Michigan 49738

Classes Started, But ...

It's Not Too Late For You

Even though Adult High School Completion and Adult Basic Education Classes are now in their second week at Grayling High School it still is not too late to enroll. Persons who are interested in the possibility of finishing their high school education should contact Grayling Community School Director Howard Taylor.

Ten classes are being offered in the High School Completion Program for Adults and an additional three are in the offering for anyone who does not feel that they are quite ready to tackle the high school program.

In addition to the above mentioned classes ... there is still plenty of time to join any of the many enrichment classes and recreational programs which are being offered through the Community Schools Program.

A complete list of the classes available can be obtained by calling the Community School Office at 348-7641, Extension 27. The Community Schools Office is located in the Grayling High School and is open daily from 1:00 until 9:00 p.m.

Pre-School Program

The Crawford AuSable School District has once again contracted with the Grayling Cooperative Nursery to enlarge their pre-school program. This includes classes for four year old children whose tuition would be paid by the Title I Federal Grant.

The Title I Pre-school Program is beginning its third year. The program, funded by our Title I Grant, is written especially for children filling one of the following criteria:

Needs social development by playing with other children, is very shy, is hyperactive, comes from a low income home, comes from a one parent home, needs language development, needs small motor or large motor muscle coordination or has more than the usual emotional outbursts.

This pre-school program will begin September 27th.

We are now in the process of completing our enrollment. If you would like your child to have this opportunity and one or more of the above requirements apply to your child, please call Irene Pettyjohn, 348-7641, ext. 52.

Children selected for this program will be determined by their needs.

Moose Chatter

by Clarence Tetting

We wish to extend our congratulations to Ed and Carol Elliott on their baby girl, and we are also glad to have Les Brown back in circulation.

Several of our lodge members were in St. Ignace for the grand opening of their new addition to the lodge on September 16.

Elmer Neal and Ted Stephan were in Sault Ste. Marie, Mich. for the U.P. Convention. Some of the brothers from other lodges have stopped in on their way to the U.P. for the convention.

We had a very good turn-out Saturday night for the District meeting. Manistee took the plaque home with them. The next District meeting will be October 9th at Manistee. Let's have a good attendance so that we can bring the plaque back with us.

The lodge hopes to start a program for the youth of our community next week.

This is far enough in advance so that you have time to sign up some new candidates and notify those who are already signed up: the next enrollment will be October 23rd.

It's good to be a Moose, are your dues paid? Next meeting October 1st at 8:00 p.m.

Bits O' Talk

by Fay Bovee

On one of the summer's last hot days, Sept. 8th, Eva Jeanne Smith was the guest of Mrs. Jan Pentecost at her beautiful home on Higgins Lake. It was the perfect day to enjoy a cooling swim and some boating. The following day, back at her cabin on the AuSable, "Esta es la Vida", Mrs. Smith was pleasantly surprised by a visit from her "big" brother and his wife, Mr. and Mrs. Richard A. Rosen, Sr. of Laingsburg. Mr. Rosen is Chief of Plant Protection and Safety Director at the Lansing Fisher Body Plant. They were returning from a visit to the U.P. with their son, Michigan State Trooper Richard Rosen, Jr., who was recently transferred from Detroit to the Munising Post. Mrs. Smith also has two sons in the Michigan State Police. Sgt. Bruce D. Smith, stationed at the Owosso Post, and Trooper David T. Smith of the Romeo Post. When he was a Trooper, Sgt. Bruce Smith trained and handled the famous tracking dog "Tonka". The State Police Dog Training School is conducted at Houghton Lake.

The Charles Ficks were in Harrisville over the weekend visiting relatives from Texas.

Mr. and Mrs. John Fick and Mr. and Mrs. Bernon Morningstar returned home from a trip around Lake Superior.

Mr. and Mrs. George Granger spent a week at their cabin at Bell Lake in Canada. On Sunday, friends dropped in to congratulate them on their first wedding anniversary.

Word was received on Saturday, by relatives, of the birth of a daughter to the Mike Stephens of Cadillac. The Stanley Stephens of Cadillac, who have a cabin here, are grandparents.

Loren M. Carpenter, 20, of Kingston, Rhode Island and Bobby Neil Dority, 20, of Wakefield, Rhode Island both were fined \$205 or 30 days in jail after pleading guilty to a charge of unlawful use of marijuana. Sheriff's Deputies arrested them September 16.

James J. Gibbons, 57, of Lincoln Park and Larry G. Gingerich, 29, of Flint, both pleaded guilty to a charge of impaired driving and were ordered to pay fines and costs of \$185 or 14 days in jail. They were apprehended by City Policemen.

Can you really improve your gas mileage?

You sure can, if you'll follow these economy tips from NAPA.

Avoid fast starts.

Acceleration should be neither too fast nor too slow.

Drive smoothly.

Watch the traffic to avoid sudden stops or sudden bursts of power.

Drive a little slower.

The difference in travel time between 50 and 65 is very little. But, the difference in gas mileage is a lot.

Stay tuned.

A properly tuned car will get up to 10% better mileage than a poorly tuned car. It will also create less pollution.

Stay safe.

Have your car inspected regularly for worn or damaged parts. Getting there economically is important. But, getting there safely is more important.

tax management, partnerships, and farm credit. "Family Living in Review" (formerly known as "College Week in Review") is designed to bring to families in the community some of the information gleaned by participants in College Week. In order to provide an opportunity for more people from the community to attend, there will be two program sessions, one in Roscommon and one in Grayling.

In Roscommon, registration begins at 9:30 a.m. at the First Congregational Church. In addition to Dr. Kelsey as special guest speaker, Ms. Joan McGarry, Extension Home Economist from Grand Traverse County, will demonstrate the "Art of Drying Fruits and Vegetables." Also on the agenda are "sharings" from College Week participants from the area. Pat Weber has some ideas on how to "Put More Fun in Your Family Living", and Louise Stiffler will lead a discussion on "Coping with Stress".

The Roscommon event will continue until 2:30 p.m. You are asked to bring a dish to pass for the salad/sandwich potluck, and your own table service. Coffee will be furnished.

Grayling High School is the location for that community's "Family Living in Review". Registration is at 6:30 p.m., with program beginning promptly at 7:00 p.m. Dr. Mike Kelsey will again be featured speaker. College Week classes to be shared by participants are: "Training Creative Thought and Behavior", with Hazel Koerke, and "Effects of TV in the Childhood Years", discussion led by Ann Doby. Refreshments will follow the meeting.

Both programs on September 28 are open to the public, and free of charge.

back, showed promise as a runner when he gained 25 yards in 5 carries.

Defensively, the Vikings put up a strong stand in the second quarter, and continued their efforts into the second half and enabled the offense to take advantage of good field position.

A key defensive play was the interception by Alan Johnston that set up the Vikings' third touchdown.

Leading the defensive unit along with Alan was his brother, Scotty Johnston, Mike Schilbe and Ross Helmick, and joined by O'Mara, Dean, Money and White as they turned in great 2-way roles.

In other games involving conference teams, Cheboygan shut out Sault Ste. Marie, 28-0; Charlevoix downed Benzonie Benzie, 14-6; Oscoda defeated Petoskey, 28-12 and Tawas took the measure of Boyne City, 21-14.
